ABC Adult School's Parent Ed Department: OUTSTANDING INSTRUCTORS - OUTSTANDING PROGRAM

Nancy Cham received a M.A. in Library Science from SUNY in Albany. She has been a Parent Education Instructor at ABC Adult School since 1979. Languages spoken: English, Mandarin, Tagalog.

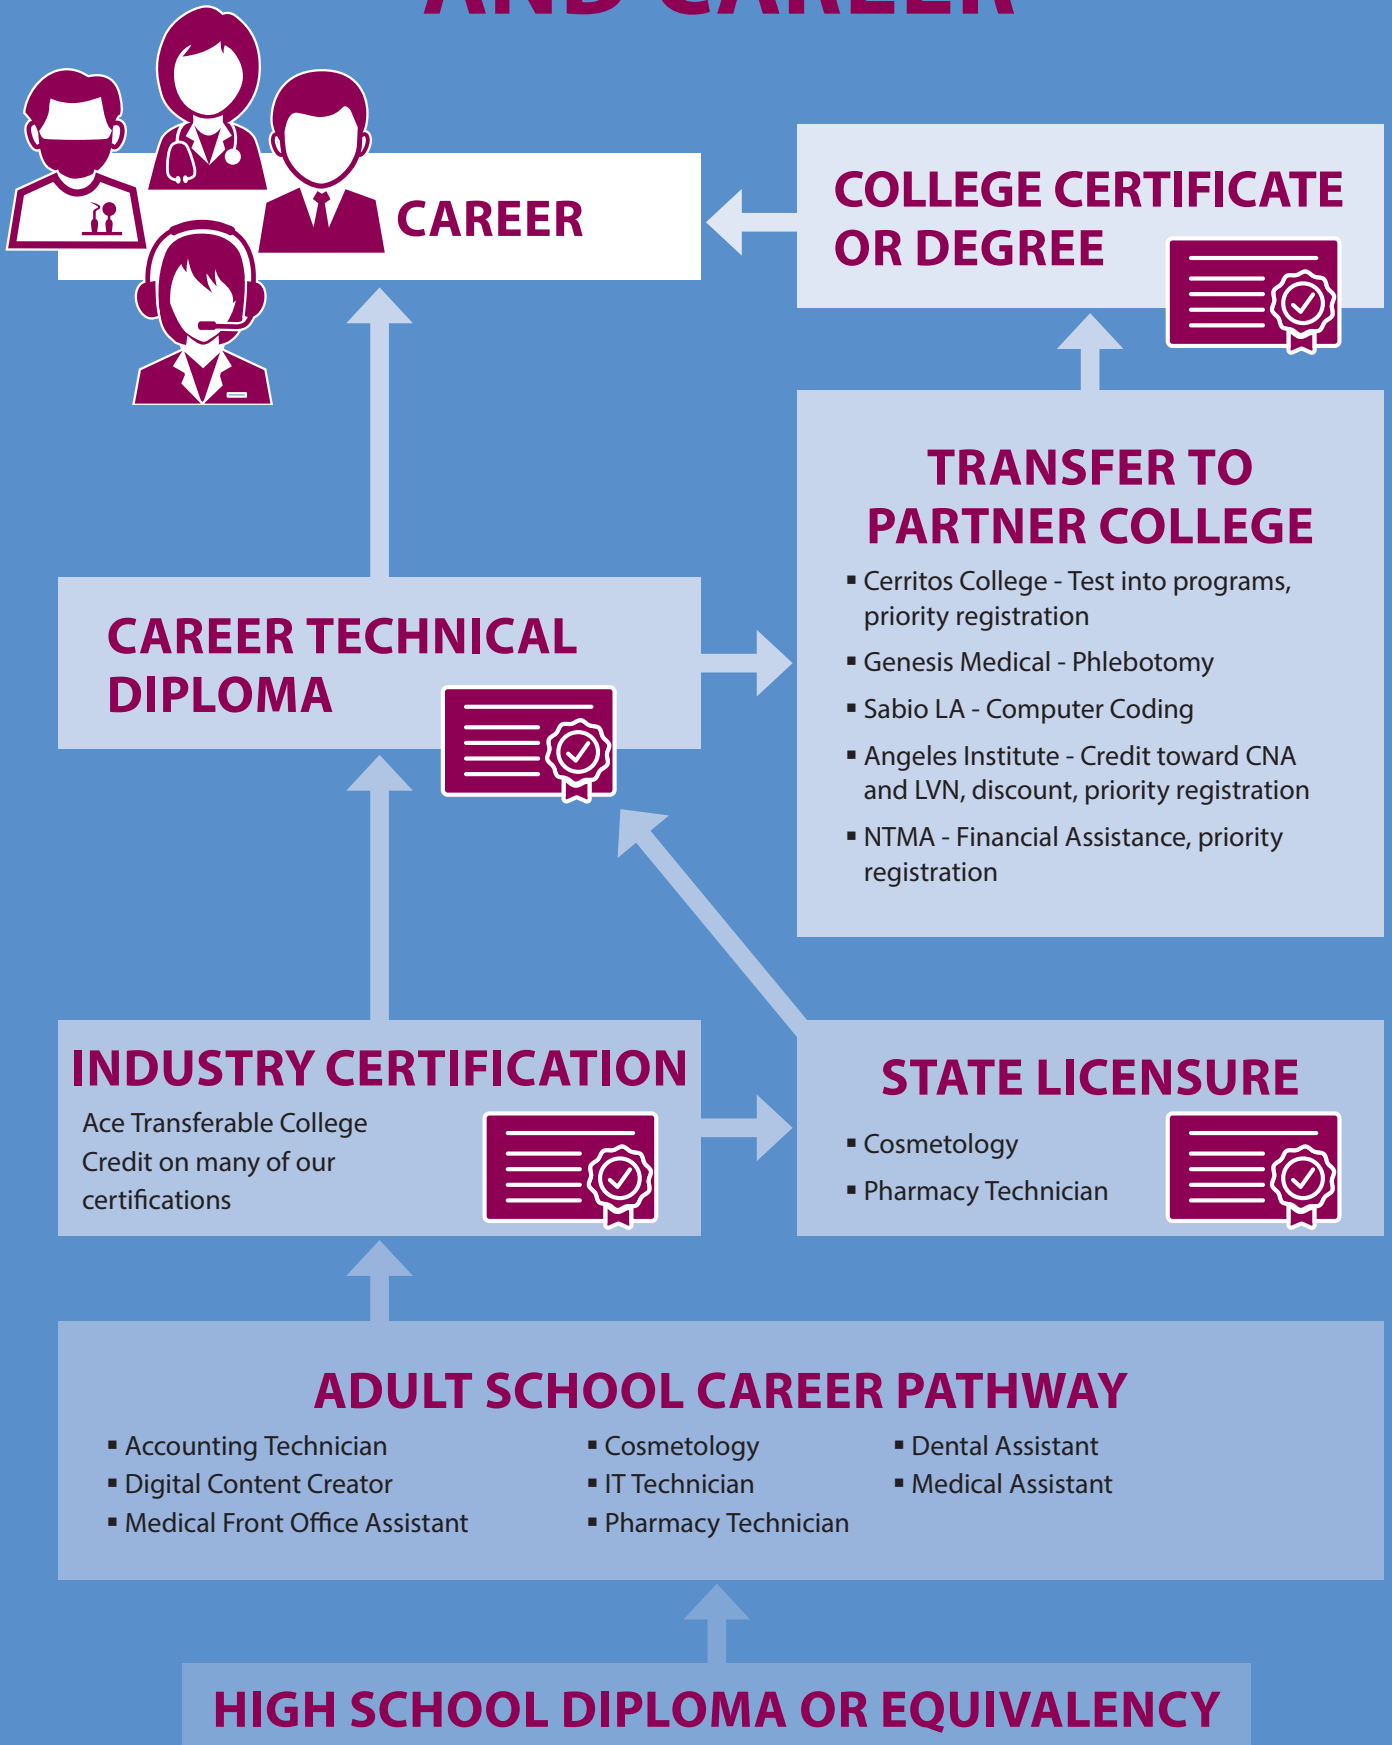

Jill Cohen-Doron participated as a parent in the program with her 2 children over a span of 8 years. She enjoyed it so much that she went back and earned her Parent Education Teaching Credential from Cal State Long Beach, where she had also earned her Liberal Arts Degree. She feels strongly that the Parent Education program provides a positive experience for both parent and child.

Genna Cottrell has enjoyed the Parent Education Program with her two young sons. In this program, she most enjoys learning from each other, sharing ideas, and just having fun with our children. She believes the highest reward that this program has to offer is discovering how our children learn and to help foster that love of learning in and out of the classroom, while strengthening the relationship with our children. Genna holds a BA and Credential from CSU Long Beach and a Masters in English Literature.

Nancy Hom has been involved in the Parent Education Program at ABC Adult School since 1986. She attended the program for nine years as a parent. Believing strongly that parents, as well as children, gain so much from the program, she has been a Parent Education teacher since 1994. She teaches classes for two-year-olds and parents, as well as a class for pre-kindergarten children and parents. She received her Bachelor's degree from UCLA and her Teaching Credential from CSU Northridge.

Grisel Volodchenkov received a Bachelor's degree in Spanish and Studio Art, a Master's in Education, and a single-subject credential in Spanish from the University of California, Riverside. She currently participates in the Parent Education program with her daughter and son. She believes that it is beneficial for all students to learn a second language. Her goal is to continue to inspire children and their families to explore the Spanish language and culture.

Introduction to Ruler Quilting (1-day workshop)

Ruler work quilting is a specialized method where quilters use quilting rulers to guide their stitches, achieving precise and consistent patterns on quilt tops. Have you wanted to try ruler quilting but find it intimidating to get started? The ruler foot is designed to enable quilters using a domestic/home sewing machine to quilt with rulers and templates usually reserved for longarm machines. Think of a ruler as a helper that, when combined with the ruler foot, allows you to quilt certain shapes perfectly. Every ruler opens a new world of shapes and designs, but a good place to start is with straight lines, arcs and circles. **Students must know how to free motion quilt to take this class. Students must bring their own sewing machine, and know how to use it. Students must purchase their own supplies. (10 student max)**

Program Refunds - Program Withdrawal (Students officially enrolled in a CTE program)

Students may withdraw at any time during a term. Refund amounts will be determined by the formulas listed below whether or not the student is receiving financial aid.

We realize that outside circumstances may sometimes impact a student's ability to complete the program of study. When a student stops attending all of his or her classes, depending on the circumstances, it may be classified as a "withdrawal," or "dismissal" from the institution. For the purpose of charges assessed and financial aid eligibility listed below, a dismissal will be handled the same as a withdrawal from the Institution. Students who do not complete at least 60% of the hours of each **pay period listed in the financial aid calendar**, must repay the unearned portion of all awarded aid. This unearned portion is based on the total number of hours scheduled to be completed and divided by the total hours in the pay period (Title IV Refund Process below). Students must repay the amount received as an overpayment. Students who owe repayments or overpayments are ineligible for additional Federal and/or State Aid. When learning of an over-award, ABC Adult School ("ABC Adult") will report the over-award to the funding source.

Program Refunds - Course Withdrawal (Students officially enrolled in a CTE program)

Students who are withdrawing from an individual course but not the entire program may withdraw at any time during a term. Refund amounts will be determined by the formulas listed below whether or not the student is receiving financial aid. If 60% or more of the course has been completed, there is no refund. If 59% or less of the course has been completed, the refund is based on the total number of hours scheduled to be completed and divided by the total hours in the course.

No refunds will be given for missed classes, insurance fee, books, materials fee, equipment or cosmetology/barbering kits.

Refund Policy-Fee-Based Community Education Classes

Make your decisions carefully, refunds will be given only if:

- a class is filled prior to receiving registration
- a class is canceled by the school

Allow 4-6 weeks for processing refund.

HiSET Testing Refunds

Refunds can be requested within 90 days of payment if no exams have been scheduled and no cancellation / no show fees are pending on the test takers account.

Return of Title IV Funds (R2T4) Policy
