Roles and Responsibilities
ABC Adult School/ABCUSD Facility Services includes custodial, building maintenance, grounds maintenance, event set-up, move coordination, material handling, utilities, hazardous materials, safety, security and risk management. Normal request for services can be accessed by staff employees by submitting requests for facility and equipment maintenance and/or repair by logging onto the ABCUSD website, Access Portal and selecting ABCUSD Work Orders. When requests are submitted, the Facility and/or Maintenance Services Director contacts appropriate maintenance personnel to respond to the request.

Facility Services personnel, equipment, and supplies are budgeted under the direction of the Facilities Maintenance Director, Operations Director and Lead Custodian for the purpose of maintaining the campus facility and infrastructure in support of the educational mission of ABC Adult School. The Facilities Maintenance Director, Operations Director and Lead Custodian monitor and recommend adjustments to budgets.

Facility and Equipment Maintenance and Repair
ABC Adult School’s current equipment and materials used in instruction is acquired, repaired or replaced in a timely manner that supports continuous instruction and to effectively achieve program goals. Department chairs, and instructors are responsible for inspecting materials and equipment to ensure quality and safety standards in accordance with manufacturer requirements, codes, laws, and regulations pertaining to specialized materials and equipment, and their intended use. Department Chairs use external vendors for more extensive maintenance and repair of equipment.

ABC Unified staff members respond to day-to-day facility and equipment maintenance and repair requests. The school district provides mechanical maintenance and upkeep of an inventory of industrial and educational equipment in the manufacturing, transportation, medical/health, and service professions training programs. They also coordinate with the Facility/Maintenance Services department in developing proposals for instructional facility modification, scheduling required work, and oversight in accordance with defined specifications.

For requests that required advanced or specialized knowledge and/or skill, equipment vendors and third-party vendors are contacted to oversee the project.

Employees submit requests for facility and equipment maintenance and/or repair by logging onto the ABCUSD website, Access Portal and selecting ABCUSD Work Orders. When requests are submitted, the Operations and/or Maintenance Services Director contacts appropriate maintenance personnel to respond to the request. Personnel can check project status by contacting the Operations and/or Maintenance Department Secretary. Regular administrative staff meetings will be held to check the status of open projects, evaluate resources required to resolve projects and ensure efficient response and resolution.

Replacement/Disposal of Equipment
Equipment and supplies or ABC Adult School are requested throughout the year. Facility and Departmental equipment and supply needs are reviewed, and approval by school administration.

Surplus equipment is to be disposed of based on ABCUSD’s disposal policy. Surplus items will be picked up by the Maintenance Services personnel upon the submission of a work order to be submitted online by logging onto the ABCUSD website, Access Portal and selecting ABCUSD Work Orders. Electronic Waste is to be picked up by the District’s Maintenance department with the submission of Transfer of Equipment form and contacting the Maintenance department via phone call and/or email.
