

Nancy Hom Featured Teacher April 2017

Nancy Hom has been teaching Parent Education classes for Adult School since 1994. She loves encouraging parents and building self-confidence in preschoolers! She also works in the Academics Lab with adults studying for their high school diploma or successful completion of their GED or HiSET exam. Last, Nancy is the facilitator for Adult School's Parent Leadership Academy (PLA), which sponsors weekly workshops for parents throughout the district on a variety of important topics.

I am in Mrs. Hom's parenting the 4.5-5.5-year-old class. I feel very lucky to be able to watch both of my girls learn and grow academically and socially. I hope to learn to identify my daughter's learning style so that I can better support her in her academic career moving forward. I would recommend this class to anyone that wants to take a more active role in their child's education. I would recommend ABC Adult School to anyone regardless of what they would like to accomplish. Whether you want to work on your academic skills or language skills, obtain your GED or take ESL classes. If you want to start/change your career or are looking to enhance your computer skills, there are technical training programs or classes for you. If you want to learn a new recreational skill, get physically active, or are looking to support your children in their education, there is something for everyone.
